

Appendix 2: Event Site Map (Example 1 – simple)

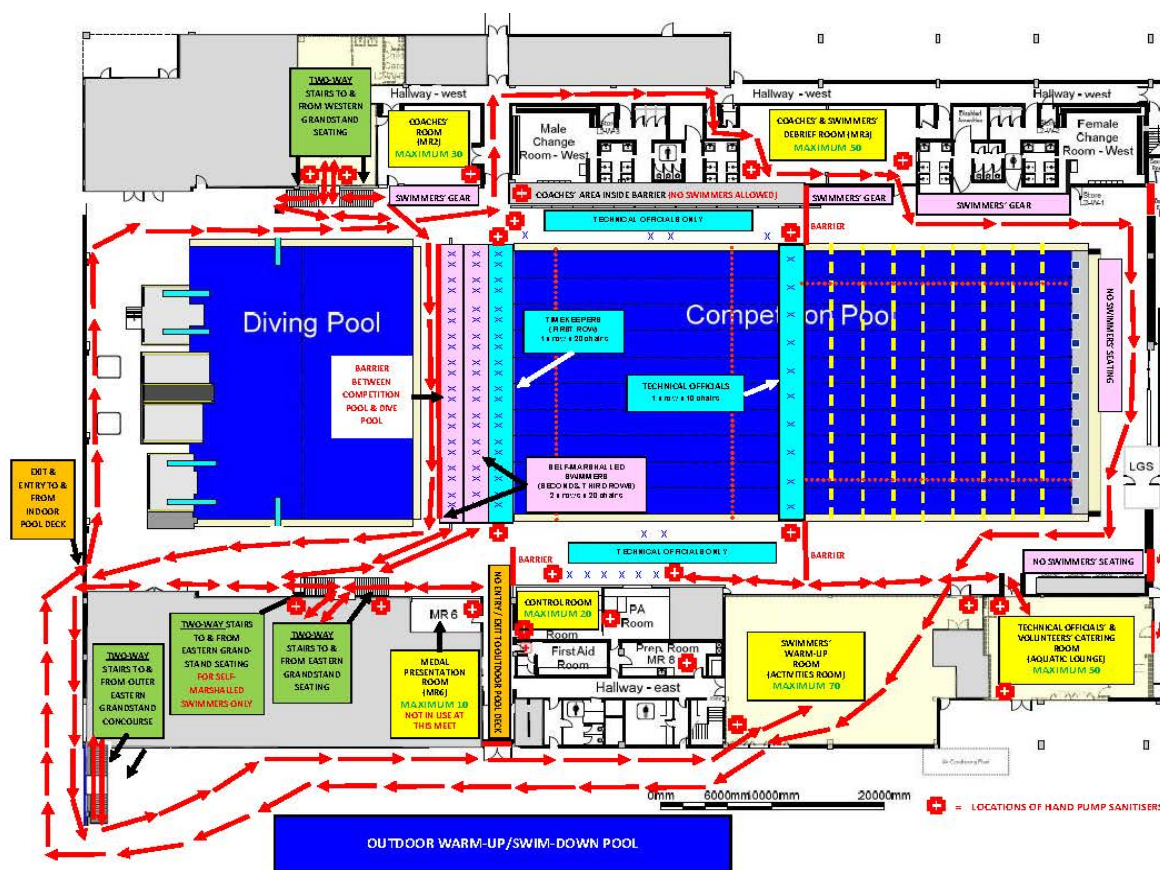

This example shows:

- Event boundaries if applicable
- The total size of the site, the total useable area of the site, and the maximum number of people permitted on the site based on physical distancing requirements.
- Discrete areas of the site and the maximum number of people permitted in each discrete area (a demarcated room or space within which the number of people can be managed) based on physical distancing requirements.
- Arrows showing access

Possible inclusions to be added by event organiser and/or venue:

- The location of hand washing stations, alcohol-based hand rub stations and cleaning stations.
- Expected queueing locations (e.g., at entrances, bathrooms, food outlets).
- Location of staff/volunteers monitoring behaviour to ensure physical distancing is maintained.
- Arrows showing flow management.
- First aid posts and discrete isolation areas.

Appendix 2: Event Site Map (Example 2 – complex)

This example shows a higher level of detail and complexity, reflective of the venue (Brisbane Aquatic Centre). This venue would also have an event site map showing the grandstand level with an allocation of areas for club groups and/or defined spectator areas. The pool deck level map above shows:

- Event boundaries if applicable.
- The total size of the site, the total useable area of the site, and the maximum number of people permitted on the site based on physical distancing requirements. (*N/A, transient space with discrete areas noted including capacities*).
- Discrete areas of the site and the maximum number of people permitted in each discrete area (a demarcated room or space within which the number of people can be managed) based on physical distancing requirements.
- Arrows showing access and flow management.
- The location of hand washing stations, alcohol-based hand rub stations and cleaning stations.
- First aid posts and discrete isolation areas.
- Expected queueing locations (e.g., at entrances, bathrooms, food outlets). (*N/A for this level*)

To be added by event organiser/venue:

- Location of staff/volunteers monitoring behaviour to ensure physical distancing is maintained.

Appendix 2: Event Site Map (Example 3 – group management applied)

Below shows an event site map of the same venue, as further details were applied in order to implement group management through defined areas that would be allocated to club groups as appropriate once nominations close.

Before (no group management):

After (group management applied):
