

CLEARANCE POLICY

Swimming Queensland has amended its policy relating to clearances, effective from 1 May 2018. The new policy is as follows:

1. Teams and Swimmers travelling interstate

- SQ Competitive Members are eligible to enter meets interstate.
- SQ no longer requires its members to obtain a clearance in order to compete interstate.

2. Teams and Swimmers travelling internationally

- SQ Competitive Members are eligible to train and/or compete overseas.
- Members must obtain an approved international clearance prior to departure and should allow 2 weeks for the process to be completed.
- Members must submit an international clearance form to SQ to authorise at state level (forms can be found online).
- SQ will then forward the clearance to Swimming Australia for approval and submission to the international federation.
