The package includes:

1. Wall Cabinet
2. Adult Pads & Battery
3. Child Pads & Battery
4. Semi-Automatic Defibrillator
5. Rescue or Preparation Pack
6. Trauma Pack and First Aid Kit

Importance of having an accessible defibrillator at your club

- ❖ Alarming, up to 4 young lives are lost every week to a Sudden Cardiac Arrest (SCA)
- ❖ In the event of a SCA, quick response with a defibrillator is crucial to survival
- ❖ They are portable, easy to operate, and a proven life-saver
- ❖ Training is **NOT** essential - simply follow the voice prompts from the defibrillator
- ❖ A shock will **NOT** be delivered if it's **NOT** necessary
