

HOW DOES A MEMBER USE A FAIR PLAY VOUCHER?

FairPlay Vouchers can pay for all or a portion of the membership. Where there is still a balance owing, members will need to pay with a credit card. Please note, where the voucher covers the entire purchase and there is a NIL balance owing, a member will still need to enter a credit card and accept the Terms and Conditions for the purchase. No charges will process to the card but the system will complete the transaction of assigning the membership and voucher redemption to the correct person. Vouchers are single use only.

To use a FairPlay Voucher the parent/guardian:

- Add memberships to the trolley as per [the specific step-by-step guide](#).
- Choose the Voucher option presented at the Checkout (to members within the FairPlay age range).
- Enter the FairPlay Voucher Code.
- Proceed until they arrive at the confirmation screen.
